**Stars and Express Announce new Websites/Schedules**

by Mike Herman

Both the St. Thomas Stars of the Western Ontario Hockey League and their Junior affiliate, the Central Elgin Express of the Southern Ontario Junior Hockey League, are excited and pleased to announce that their new websites are now both up and running.

For the Stars, their site domain name remains the same as the previous one at [www.stthomasstars.com](http://www.stthomasstars.com) and for Central Elgin their site can be found at [www.centralelginexpress.com](http://www.centralelginexpress.com). League schedules for both teams are posted on their respective sites.

The Stars will once again play a 48 game schedule with an even split of 24 home and away games. They will play their first three games of the season on the road before their home opener on Sunday September 23rd against the St. Marys Lincolns, the team that put them on the sidelines in last seasons play-offs. Included in the Stars home schedule will be four Sunday afternoon matinee games.

The Express will play a 40 game schedule with an even split of 20 home and away games. Their home opener will be Friday September 21st against the North Middlesex Stars. The Express will also play home preseason games in Port Stanley on September 9th and 15th. Schedule details can be seen on the Express web site.

The very popular "Skate With The Stars" will return again this season with four skates, up from three last season. The Stars will once again be participating in the St. Thomas Optimist Santa Claus parade on Saturday November 17th. As well the "2nd Annual Road Hockey With The Stars" will be held on Saturday November 24th in the Timken Centre parking lot outside the Stars dressing room.

The Stars Christmas Care food drive will be held on Saturday December 1st and the A & W Teddy Bear toss will take place on Sunday night December 16th. The Stars will also hold two team autograph and picture sessions after their home games. Fans are advised to keep checking the Stars site for News and Upcoming Events.
